Amendments to the Claims:

Please cancel Claims 1-8 and amend Claims 9 and 14 as noted in the listing below. This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Cancel Claims 1-8.

9. (currently amended) The An apparatus of claim 8, comprising wherein:  
a storage structure to store at least one entry, the at least one entry to include a  
register identifier value;  
a first physical rename register of a first length; and  
a second physical rename register of a second length different than the first length,  
wherein the first and second rename registers are distinct from each other and do not share  
any common bits;  
a logical register; and  
rename logic to map an instance of the logical register to a selected physical rename  
register, where the selected physical rename register is selected from a plurality of registers  
comprising the first physical rename register and the second physical rename register; and.
